SERVICE CLUB CHRISTMAS FUND HAS NOW STARTED IN COUNTY

Jody Campbell, Kelly Beeney, Julia Griffith and Brenda House go through some of their routines at the Haliburton Arena, at Saturday afternoon work-outs.

Pictured above are three members of the Minden Figure Skating Club, as they take in first practice session, Sherry Miles, Mary Welch and Darlene Austin.

Mr. Gordon McKay, who has been the driving force behind the Haliburton County Service Clubs Christmas Fund, told the Progress this week, that the boxes are now in many of the places of business in the area.

The Service Clubs involved in this project are, the Rotary Clubs of Minden and Haliburton, and the Kinsmen Club of Minden. The suggestion of such a fund was raised by Rotarian Gordon McKay, and was backed a hundred per cent by the three service clubs.

The purpose of the Fund is to give our Senior Citizens at Hyland Crest Home, here in Minden the joys of a Christmas at home. The money raised through the fund will go towards presents and Christmas treats, along with many needed articles for the residents.

The citizens of Haliburton County are asked to co-operate with the three service clubs, so that their efforts for a merry Christmas for the Senior Citizens at Hyland Crest Home, will be fulfilled.

A donation of any amount will be greatly appreciated.

TOWNSHIP OF STANHOPE HOLD NOMINATION MEETING

On Friday, November 18th, at the Municipal Building in Stanhope township, the nominations were held for School Trustee and Council.

The School Trustee were all put back into office by acclamation, while a real horse race will take place for council seats. Candidates for Reeve are William Cowan, Gordon (Pete) Sawyer. Deputy Reeve candidates are Fred Brooks, and Douglas Adamson. Five candidates will go to the poll in hopes of being elected, they are Harry Bagshaw, Elsie Bursey, Elvin Johnson, Sinc Nesbitt and Richard Sheaffer.

ROTARY CLUB HELD SUCCESSFUL LADIES NIGHT

The Rotary Club of Minden held their annual ladies night, Monday evening at Ogopogo Lodge. The Kinsmen and their wives were invited to this event along with guests from the Haliburton Rotary Club.

President Robert Gorrie welcomed everyone, while his wife Ruth pinned a lovely corsage on the ladies. Fifty nine guests sat down for dinner, which was thoroughly enjoyed by everyone.

Rotarian Joe Dollo conducted a Chinese Auction for a 14 lb Turkey. Gordon McKay and Walt Wideman were the lucky winners.

After supper Irvin House had a program lined up with special prizes given for spot dances, best dancer, oldest and youngest dancers on the floor. And of course everyone enjoyed the orange game, which proved very exciting.

A few brave dancers showed their form by going under the Limbo Stick. All in all the evening was enjoyed by all who attended.

FIRE DESTROYS MINDEN HOUSE

Fire early Sunday evening totally destroyed the home of Mr. and Mrs. Sedgwick near Minden. It is understood the frame house and all contents were lost in the blaze. The home was located at the south-west side of Twelve Mile Lake, about five miles from here.

Minden fire chief Eldon Deacon said today the fire was first discovered by a little girl, Jill Harvey, from the other end of the lake.

The fire chief said the occupants of the home Mr. and Mrs. Sedgwick were visiting Mr. Sedgwick's parents at Gelert when the fire broke out. He said the fire had almost destroyed the house when the Minden fire department arrived at the scene.

Chief Deacon said he had not arrived at an estimate of the loss incurred by the fire, and the cause of the fire was as yet unknown.

Great Ontario Adventure Vacations

The Wonder World of Winter

Winter in Ontario! Prime time and place for an exciting change of pace. A few days or a few weeks on a Great Ontario Winter Vacation will show you an exhilarating new range of sports and entertainment sensations. There's hockey and bonspiels and ice-fishing, and the hair-raising thrills of racing-cars on slippery frozen lakes. Sunlight sparkles on newly-sharpened skate blades. Toboggans and freshly-waxed skis swoop pell-mell down a thousand white-carpeted slopes. The crisp, pure air quickens your blood and freshens your outlook. Everyone enjoys Ontario's winter. You're never too old to toss snowballs, nor too young to love sitting by a crackling log fire. You'll find you've never had such fun in your life, as on a Great Ontario Winter Vacation. Start preparing now to let Ontario's winter work its wonder on your whole family. Mail this coupon today.

Here and There

with
FENWICK FINCH

There is an editorial in the latest issue of MacLean's which I couldn't agree with more.

In part this is what was said. "What this country needs is a good cup of coffee. Even at fifteen cents. — There isn't much excuse for serving bitter coffee with canned milk in a cracked mug, in a Muskoka restaurant or a Rocky Mountain cafe. No amount of friendly service can atone for repellent food and sloppy housekeeping."

* * * *

I noticed the following sign recently in a small restaurant near Newcastle.

"Please do not ask for information — if we knew anything we wouldn't be here."

There is a new business in the formative stage near Highway 35 at Carnarvon — just as soon as the plans are completed I'll let you in on it.

* * * *

Speaking of business — "Sir Sam's Inn" has a big season ahead of them — skiing is becoming more popular and they have the latest in equipment.

Bookings from various ski-clubs have been coming in for some time now and if you have any inclination to get in on the fun you'd better get in touch with Bob Bishop at Haliburton — don't miss out this winter.

* * * *

Was reading a review of a book the other day — this so-called manual of sex instruction etc. was written by a new bride, some twenty-two years old. Her book is in somewhat the same class as the books on child rearing that have been authored by old maids and bachelors. However, people seem to buy them and, that, after all is the purpose of any book — I guess!

* * * *

They said it couldn't be done — but it has been.

A short time ago visiting with friends just over the border, mine host came up with a popsicle for me — I rather questioned his motive but he said — "try it, it's something I make myself".

I tried it — it was a frozen martini. Dashed clever these Americans.

* * * *

While we are on the subject of food. The advertising media boys are doing it to us again.

Remember the good old days when you used to wake up to the delicious odors of frying eggs, bacon, and the overpowering aroma of perking coffee?

If these lads have their way, no more of that nonsense — your wife will hand you a glass, and you'll spoon a quick breakfast out of a carton, Chocolate or five other flavours, throw a slug of milk into it and stir it up — after you've thrown this poultice into you — you've had your breakfast — thank heavens, there is still one thing these instant makers have left alone.

* * * *

The Rotary Club is certainly getting the river banks in fine shape and they have more projects on the way — too bad we can't keep water in the Gull — the banks keep getting farther and farther apart. If it keeps on we'll have to landscape the bottom.

* * * *

One of my readers wrote in, asking me if this writing job paid much. Like Alexander Smith — "To be occasionally quoted is the only fame I care for."

Fenwick

Sculptor Gerald Gladstone of Toronto directs the crane as his sculpture is hoisted to the top of a forty foot tower at the Engineers Plaza on the site of Expo 67.

ENGINEERS PLAZA EXPO HIGHLIGHT

The only major participation on the site of Expo 67 which is being financed by individual Canadians is the Engineers Plaza on Ile Notre-Dame. Voluntary contributions from among Canada's 46,000 professional engineers will provide the \$150,000 budget.

A 20,000 square foot site will be a gathering point for Expo visitors in the Ile Notre-Dame pavilion area of the Exhibition. Following a nation-wide contest, a sculpture fountain designed by Gerald Gladstone of Toronto was chosen as the feature or symbol of the plaza.

Mr. Gladstone said that his combination fountain and space sculpture is based on the spherical planet and the conical shadow which it casts a million miles into space. The material used is aluminum, welded and riveted. The work is entitled "Contained Universe" or "Space Column" and will contain groups of sculptured galaxies or stars lit from within the column to give the appearance of planets suspended in space.

In explaining this combination

of art and technology, Mr. Gladstone said "Our new insight into who we are on this planet, in this galaxy is reforming on new lines. The final language is yet to come, but when man leaves the planet "Earth", he will take art and technology with him in the sciences and mathematics of his space ship forms".

WILL MAKE THEIR MOVE

Those who will get involved in Municipal politics, will make their move to-morrow night, (Friday) as the nominations will be held for positions on Council and school board. For those who have been sitting on the fence, and keeping their name concealed, it will be an evening of decision. And, as it is so often— it might be an evening of surprises.

Once the names go on the board, the ones who are serious about this business of running municipal affairs, will come out with their promises and campaign platforms — at least we hope they come out with a platform of some kind or another. This business of just being a good fellow — hope you give me your vote business, is nothing more than a white washing. If a man is going to run for politics, whether it be Federal, Provincial, or Municipal — should come straight from the shoulder and tell the people what he hopes to achieve, if elected. This way everyone knows where the candidate stands, and stops the guessing, when it comes time to drop the ballot in the box.

We think some of the important issues at this time in this community are the recreational facilities, which we haven't got. Another major issue is sewers — there are people paying fantastic sums of money each year to keep their out-dated septic tanks cleaned out. And when you think of the number of tanks there are in this town, compared to just twenty-five years ago — and the fact that this town has no natural drainage, except for the Gull River, it is hard to believe we haven't got sewers.

Take a look at the water situation in this town — this was a big issue just two elections ago, not many people were for it — but when you look back, it makes you wonder how one got along without it. One thing is for sure concerning our water system, those on the river don't have to worry about their pipes anymore, and no fires are needed to thaw them out. The same would hold true for sewers — let's face it, we need sewers, with the number of people living in this community, it is not healthy without them.

Another issue at this time is the lighting here. Take a look at every little settlement around our district — they are lit up like a Christmas tree. This community, in my view is probably the key village in the Highlands, all we need to do is light it up so others will see it, and think the same way.

As for school facilities — there is no question in my mind that we need a kindergarten, and its facilities to make it a good one. The school here is also badly in need of a lunch room, since a great number of the children take their lunch. We now have a fine gymnasium, (or what ever one would like to call it), this is certainly an asset, but these recreational facilities came before the needed items, such as we have just mentioned. However, now let us get what this school really lacks.

These are just some of the issues, that might be worth hearing on nomination night — lets hope our candidates will enlighten us on what they think the issues are. Make sure you are on hand, it could be interesting.

LETTER TO THE EDITOR

43 Riverdale Ave.
Toronto, Ont.

Dear Sir:

I am getting rather tired of Fenwick Finch and his 10c coffee kick. If he can't afford a fair price for coffee, then I say "Let him carry a thermos — or better still just drink water — preferably out of the Gull River, for all I care".

Also his snide remarks re the Fraternal Hall in Fenlon Falls, shows his true calibre. Fenwick sounds like a man who has been "Black-Balled" or at least is not welcome in the society of men.

By the way — whatever happened to Abe Boatman? You used to carry stories of real interest by him. Stories and articles that

were worth reading, not the inane tripe that Finch writes.

Yours truly,
H. A. Bonner

Editor's Note —

Sorry we can't answer your letter on behalf of Fenwick, but I know he was glad to hear from you. Now, you ask about Abe Boatman — this has been a mystery. The last time we saw Boatman he was sailing down Gull River last summer, and has never been heard of since. If anybody knows the whereabouts of Abe Boatman, please call the Progress office, or the Minden OPP.

QUITE A MOVING FEAT!

If you had been on the highway recently, at the by-pass into Minden, you would have wondered what was coming at you. Pictured above is a house being moved to Lindsay from Hall's Lake. The house was six feet wider than the highway, and took several hours to reach its destination.

Attention Bowlers And would Be Bowlers!!

HAVE YOU BEEN ASKED TO BOWL ON A LEAGUE???

IF NOT, DROP IN TODAY AT

MEDLEY'S BOWL — MINDEN OR CARNARVON

WE HAVE A FEW OPENINGS LEFT IN A COUPLE OF LEAGUES
WE ALSO HAVE A FEW SPARE TIMES OPEN FOR NEW LEAGUES

IF YOU HAVE A GROUP WHICH WOULD LIKE TO BOWL
PLEASE CALL TODAY, AND JOIN IN THE FUN

There is also Saturday Morning bowling for the Juniors of Public School Age, where they are helped to improve their game, by instructors.

Bowling is one of the few sports where women and men may compete equally.

If you have never bowled, we will be pleased to help you, any age can participate in the game. Don't miss out on a full winters entertainment.

SPORTS

WITH BOB BEENEY

This week this column is put together with a lot of different subjects of which I hope will be interesting for most of you. At certain times of the year there seems to be a lull in athletics in this area and it is extremely difficult to find one particular subject to write about.

At any time any person wishes to pass any sports activities on to me I will make sure that space is found either in this column or elsewhere in the paper to cover the subject.

Community Centres —

I had a short talk with Reeve Roy Brohm, of Dysart township this week at County Council on their community Centre. Mr. Brohm stressed the wonderful part that a community centre plays in the municipality, bringing the whole area together into sports and social activity. I had mentioned to Mr. Brohm that the Minden Minor Hockey Association have ice time rented two evenings a week in Haliburton and this got the words flowing.

No doubt the Dysart Community Centre isn't a real big profit making venture, but it certainly does fulfill the purpose that it was intended for. It seems a little strange that children from Minden Minor Hockey and Figure Skating, must travel to Haliburton to be brought together for community activities.

Perhaps some of our local politicians will enlighten the people here on Friday night at the nomination meeting when we will be able to expect a similar type of community centre, like our neighbours to the north.

Minor Hockey: —

Two teams from Minden have decided to enter the Ontario Minor Hockey Association. They are the pee wees and the Juveniles. There are two pee wee teams but the one entered is coached by Soup Campbell. The other pee wee team is coached by Bob Harvey Jr. and will play mainly exhibition games and likely in tournaments.

The Juvenile team is coached by Gene Whitney and is made up from Midgets and Juveniles.

Intermediate Hockey: —

Against great odds some interested sportsmen in this community are making a strong bid to form an Intermediate hockey team this winter. Al Greir was asked to coach the team, because of his experience, in higher calibre hockey circles, as far as we know he has accepted. A dozen or so players have been lined up to play and practices have started in Haliburton.

As soon as more information is available on the team I will pass it on.

OBITUARY ACKERBLADE

Ackerblade, Swan Eric, on Saturday, October 29th, 1966, at the Red Cross Hospital, here in Minden, in his 80th year.

Born at Gefle, Sweden in 1887, he came to U.S.A. at the age of 15. In the year 1915 was united in marriage to Minnie Hoffmann at Malcolm Main, U.S.A. In 1918 the couple moved to British Columbia and in 1924 moved to Haliburton County. They celebrated their 50th Wedding Anniversary on December 14th, 1965.

He leaves his beloved wife, Minnie, 5 children, Mrs. George Buttery of Inwood (Mable); Mrs. Gordon Kellett of Minden (Ruth); Melvin of Oshawa; Walter and Wilfred of Minden; 15 grandchildren and 2 great grandchildren.

Six grandsons were pallbearers. Donald and Brock Kellett, Howard, James, Robert and Douglas Ackerblade.

The funeral service was held at John Welch Funeral Home, Rev. Dymond officiated. Interment at Boskung Cemetery.

COMMENTS

BY GLEN HODGSON, M.P.P.

When travelling west on Highway 46 from Cobocok, over the new construction of nine miles of high quality highway, one passes the new entrance to the Balsam Lake Department of Lands and Forests Provincial Park. This is one of the largest parks in all Southern Ontario under development at this time for camping.

North of Victoria Road Village, new construction to improve a section of Highway 505 is well toward completion. This construction had difficulty due to a settling problem and everyone hopes this is solved.

East of Uphill Village and the junction of 503 and 505, engineering is underway toward construction of a new bridge structure to advance the program of construction which has shown progress over the past three years at a gratifying rate.

North of Kirkfield on 503, the approaches and the new tunnel of double traffic width under the lift lock of the Trent Canal has improved the service to the travelling public of the Highway system greatly.

MINDEN W.I. HOLD

MEETING

The members of Minden Womens Institute met at the home of Mrs. Wm. Cox on the afternoon of November 16th, with Mrs. W. McArthur presiding. After the usual opening the roll call of recipes were replied to by 22 members and 1 guest. The reports were given and the special collection taken for the individual gifts for our Christmas Party with the residents of Hyland Crest Home. Names were turned in for cards to be sent to shut-ins and a Christmas list made as well.

The secretary had visited the local hospital for this month and visitors for December are Mrs. P. Clarke and Mrs. McArthur, Mrs. V. Cowan gave a very full and interesting report of Area Convention and answered many questions afterwards.

Mrs. Andy Kernohan gave a paper on Ontario Agriculture today with details of it being the largest industry and comparing prices with those in 1949. This proved to be of interest to all as we are certainly aware of the apparent rise in food costs. This was pointed out to be caused by the fancy packaging and choice of brands. The ladies certainly enjoyed the paper.

A card party was planned for at the Orange Hall, December 8th, with ladies offering lunch for this evening. The secretary is to write to the Telegram for Christmas Song sheets and we are again sending our contribution of \$5.00 towards the District Adopted Greek Child.

The meeting adjourned and all enjoyed the delicious lunch served by the hostess.

OLD FUR COATS

ARE NEEDED

March of Dimes workshops throughout Ontario urgently need old fur coats to keep up with the demands for the Eskimo dolls which are produced in these shops by the physically disabled.

If you can help out, please send these coats to the Rehabilitation Foundation for the Disabled, 12 Overlea Boulevard, Toronto 17.

The dolls are one of the products made under the Foundation's sheltered workshop program. This provides employment for physically disabled citizens of Ontario who cannot compete in regular industry. Most importantly, it keeps them off total welfare.

The Eskimo dolls are sold through regular retail stores, but now demand is exceeding supply.

OBITUARY

WALTON W. BAKE

Walton W. Bake, son of William and Ealna Bake, aged 57, died at Sherbrooke Hospital on Sept. 9th.

He was Project Engineer on the C.P.R. relocation project at Ottawa for C. C. Parker and Associates at the time of his illness.

Born and raised on a farm here in Minden, he attended Queen's University at Kingston, graduating in Mining and Metallurgy at the height of the depression in 1933.

He was no stranger to the mining industry. Mr. Bake's considerable mining experience was gained at such operations as the Lake Shore at Kirkland Lake; Lamaque; Chesterville; Narbenite; Beattie-Dusquesne and Brunswick Mining and Smelting.

Since 1954 he was manager at Stadacona, Weedon Copper Pyrite, Frontenac, The Lake Shore at Casa Grande, Arizona, U.S.A. and Macaona in San Ramon, Costa Rica.

He was a member of the C.I.M. a past chairman of the Sherbrooke Branch, and a member of the Professional Engineers of Quebec and Ontario. He was a keen gardener also enjoyed music, fishing, hunting and photography.

He is survived by his wife the former Margaret Biggin of Cornwall, now residing in Bury, P.Q. and his children, Isobel (Mrs. Maurice Laroche) of Bury; Sally Ann (Mrs. Donald Rudd) of Cornwall; James of Winnipeg; Edith (Mrs. Ken Sinclair of Toronto); Sylvia aged 20 of Ottawa; Evelyn 16 years; Ronald 12 years; Bobbie 10 years of Bury, his sister Edna (Mrs. Rowland Sedgwick) of Geraldton, and seven grandchildren.

Interment took place at the Bury Cemetery, Bury P.Q.

OBITUARY

LAURENCE D. McKNIGHT

Laurence McKnight, aged 63 years 8 months, 12 days. A well known and respected citizen of Minden, entered into rest quite suddenly at his home on Thursday morning, November 3, 1966.

Although he had been in poor health for some time his passing came as a shock to his family, relatives and the community.

Beloved husband of Janet Duncan and dear father of Ruth (Mrs. Morris Stamp) of Haliburton, Lois (Mrs. Chesel Nesbitt) and Vera (Mrs. John Kernohan) of Minden, and sons Lyle of Minden, Loyne predeceased, Gary of Haliburton and Bradley of Lindsay; 13 Grandchildren and one Great Grandson.

Mourning the loss of a dear brother, a sister Mrs. George Giesel (Evelyn) of Cambray and brother Vernie of Port Hope.

Mr. McKnight was born on February 22, 1903 and lived out his life in the Township of Minden. The eldest Son of the late

Walter and Ethel McKnight.

Laurence McKnight served his Community many years as a Member of Council, and was a staunch supporter and follower of the Hockey and baseball teams.

The beautiful floral tributes showed the esteem in which he was held by his friends and neighbours.

The Funeral was conducted by the Rev. James Cargo in the

Minden United Church on Saturday, November 5. Thence to the Ingolsby Cemetery for interment.

Palbearers were Morris Henderson and John Cowan of Blairhampton, Wallace Little of Huntsville, Russel Harrison, Eldon Deacon and Holly Stevens of Minden. Honourary Pallbearers were, Holly Little of Blairhampton, George Nesbitt of Carnarvon, Fred Reynolds of Lindsay, Roy Little, Garnet Lazier, Sinclair Nesbitt, IFoyd Hall and Eldon McCracken of Minden.

What's It All About?

with "Rev. Jim"

Fenwick Finch and his coffee pals desire an opinion on the church report given to the British Council of Churches, which, (accordingly to a daily newspaper) says the report does not condemn adultery and further says "casual sex can be trivially pleasurable or mildly therapeutic". I have not been able to get the full report in order to examine the context of the above statement, but I can state an opinion on how I possibly would be able to accept the above statement.

LOVE THE GREATEST

All Christendom is agreed on this, that love is the greatest. We know that it is necessary for the health and welfare of the individual, the family, the society, the world. It is not an alternative but a necessity for survival. I believe the committee of experts that presented this report seeks this end.

NOT FREE LOVE — BUT FREED TO LOVE

We do err not knowing the mind of the committee when we say "Free Love", because it is not free love but freedom from anything that obstructs love. One must be free to love. The nature of love demands freedom. What is being brought out by this report, and others like it, is the necessity of being set free from commandments in order to love. Commandments (if not seen in their proper perspective) make us loveless, self-centred, bent on our own whiteness without due regard for others. This is not to say that they are not useful. They serve as a guide. They reveal that we are weighed in the balance and found wanting. In other words they reveal that we are children.

ADULTS ALONE ARE ABLE TO LOVE

"When I was a child, my speech, my outlook, and my thoughts were all childish. When I grew up, I had finished with childish things." I Cor. 13:11, N.E. Bible. There comes a spiritual maturity in every person's life, some sooner, some later.

Spiritual maturity is the experience of love. Such an experience comes via many routes.

In a Billy Graham campaign the demands of the law are preached, the knowledge of broken commandments is felt, and at the alter the love and forgiveness of God is experienced. This is the beginning of maturity. Others experience God's love via a more gradual route, and still others experience God's love by acts of kindness through Christian people, etc. Be that as it may, the experience of love is the beginning of our adult life, and the end of the law, as the supreme rule or guide.

CASUAL SEX CAN BE TRIVIAALLY PLEASURABLE OR MILDLY THERAPEUTIC

A marriage made in heaven is a marriage between two mature individuals. They are capable of love. They are able to give and able to receive. The two become "one". It is no longer "I" but "we". I can not imagine a relationship happening outside of such a union. The nature of this love does not lend itself to promiscuity. I also can not see how a relationship outside such a marriage would be trivially pleasurable or mildly therapeutic. I am, however, willing to concede that this committee could be correct in assuming that in some cases (where a marriage is only a union because of the vows (law) taken) a relationship outside of marriage could be trivially pleasurable or mildly therapeutic. Would this be sinful? According to the letter of the law it is a sin, but according to the intent of the law it would depend upon the situation. We must remember that the law was created for the benefit of society. It is not society created for the benefit of the law. In other words, our action must be governed by our concern for others. Thus we can say there could be a relationship outside of the marriage vows which would not necessarily be sinful "if" such an action was not injurious to others. We must also note that if this action was therapeutic it could be a benefit to others. If this is disturbing to some, let us remember that our Lord himself did not teach the observance of the letter of the law, but rather be considered the situation. One example of this is Mathew 12: 1-5.

"LET ONE CALL DO IT ALL"

Research For The Tourist Industry

The Ontario Department of Tourism and Information is pleased to announce the release of two new booklets titled "Statistical Handbook 1966" and a "Summary of a Study of Ontario's Marine Highways in Relation to Recreational Boating Requirements".

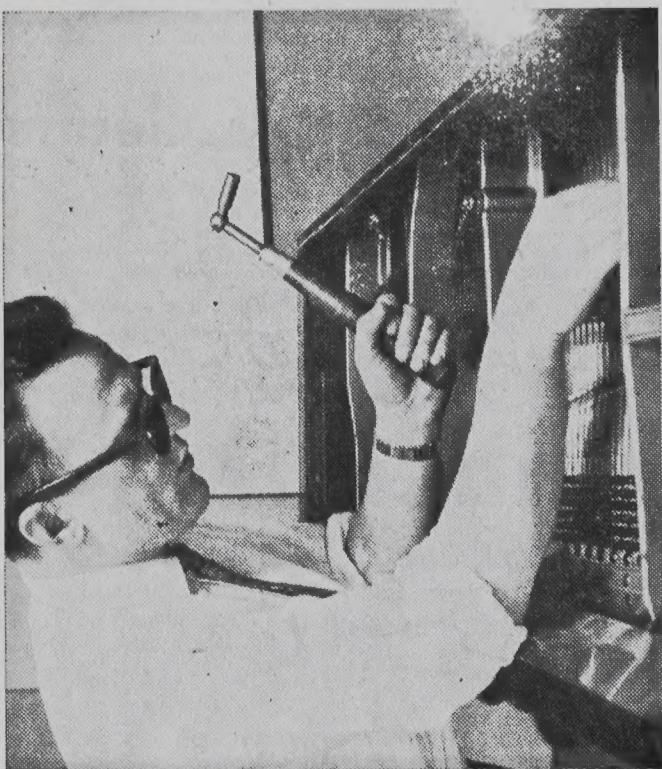

This latter booklet highlights the various factors influencing the development of pleasure boating in Ontario and a close examination of the existing waterway facilities. The Dominion Consultant Associates Ltd. provide an economic assessment of the boating potential in Ontario and suggest a few guide lines for future development.

In releasing this summary, the Department of Tourism and Information does so in order to provide an assessment of the problem that will be faced not only by federal and provincial governments but by the hundreds of communities and individuals affected or likely to benefit from the growth of recreational boating.

The "Statistical Handbook 1966" is a comprehensive study of the growth that is taking place in the Ontario Travel Industry. This booklet is an excellent source of information relating to the travel habits of the increasing number of U.S. visitors to our province, their origin and mode of transportation and their importation and their important economic contribution to the overall growth of tourism in this province.

Besides itemizing the breakdown of the increasing number patronizing the 17 Government Reception Centres in Ontario, the report also brings attention to changes since 1955 in the number of tourist establishments and total units as licensed by the department of Tourism and Information and the Liquor License Board of Ontario.

Included in this booklet are summaries of data obtained from the "Muskoka Region Survey" and the "Selected Travel Characteristics of Trips originating in Metropolitan Toronto". Copies of these two reports are available from the District Offices of the Department of Tourism and Information.

Blind piano tuners earn their livelihood by providing your community with a valuable service. They represent only one of many trades practiced by the blind. You help them secure careers through your support of the Canadian National Institute for the Blind.

ERROR IN JUDGEMENT CAUSED

CRASH: CHARGE WITHDRAWN

Victor Michael Pubrat, 21, of Toronto, was freed on a charge of careless driving by Magistrate Ian Munro in Lindsay Police Court last week.

The charge was laid by Provincial Police following a one car accident on Highway 121 south of Kinmount on October 10th, when the car driven by the accused overturned into a ditch.

Joseph Burns of Galt, told the court he was proceeding south-erly on Highway 121 on the Monday holiday afternoon about 2:30 p.m.

"As he entered our lane his car skidded onto the right shoulder then skidded across the road coming to rest on its top in the left hand ditch" Mr. Burns said. e said the accused was behind the wheel, and both the driver and passenger were hanging in their seat belts.

Magistrate Munro said he thought the accused committed an error of judgement, and not sufficient evidence was presented by the crown to support a conviction.

Tenders Wanted
